

**Curriculum Letter**  
**Year Group:**  
**Term: Summer**

## **BIG Question: How is Brazil different to the UK?**

We will locate South America on a world map and where Brazil is. We will identify and describe the major physical and human features of Brazil including major cities. The children will recognise the physical and human diversity within Brazil and understand that people travel to visit different countries for a range of reasons. We will explore the opportunities to visit sites of natural beauty and diversity and articulate the human features that make Brazil a popular destination. We will explore cities in Brazil and the differences with cities in the UK as well as the differences in climate.

In science we will find out about space and the planets in our solar system. We will link our DT project to designing and making a space rocket.

## **Practise at Home:**

Children are expected to read EVERY night. They are now expected to know their times tables up to 2,3,5 and 10, if they don't they must continue to practise.

Reading comprehension, spelling and maths practice

They will have homework on Mondays to be returned by the following Monday
