1. Our Vision

The Catholic Church insists on the highest standards of academic achievement in its schools, so that our young people leave us as ‘agents of change’ – educated and caring people who have the qualifications, knowledge and skills they need to flourish as human beings and make the world a better place.

Inspired by our Teacher, Jesus Christ, and his good news to the poor, we have a commitment especially to those who are disadvantaged. We are determined that a child’s start in life need not determine their future. We are committed to the well-being of the earth, our common home, inspired by the example of Pope Francis: to live wisely, think deeply and love generously.

In all our schools we will develop a culture of high expectation and aspiration, based on our fundamental belief in the dignity of all human beings. We want all our pupils to flourish in safe, happy and enriching environments, taught and supported by adults who are skilled, motivated and committed to our shared vision and values.

We will work together as one Trust, one family of schools, a community inspired by a vision for excellence. We commit ourselves to deepen our mission and raise standards in order to provide an excellent Catholic education for every child in our care.

2. The Importance of School Attendance

Improving attendance is everyone’s business. The barriers to accessing education are wide and complex, both within and beyond the school gates, and are often specific to individual pupils and families.

The foundation of securing good attendance is that school is a calm, orderly, safe, and supportive environment where all pupils want to be and are keen and ready to learn.

Some pupils find it harder than others to attend school and therefore at all stages of improving attendance, schools and partners should work with pupils and parents to remove any barriers to attendance by building strong and trusting relationships and working together to put the right support in place.

Securing good attendance cannot therefore be seen in isolation, and effective practices for improvement will involve close interaction with schools’ efforts on curriculum, behaviour, bullying, special educational needs support, pastoral and mental health and wellbeing, and effective use of resources, including pupil premium.

It cannot solely be the preserve of a single member of staff, or organisation, it must be a concerted effort across all teaching and nonteaching staff in school, the trust, Local CAST Board, the local authority, other local partners, and of course pupils’ families.

3. The Law on School Attendance

The law entitles every child of compulsory school age to an efficient, full-time education suitable to their age, aptitude, and any special educational need they may have. It is the legal responsibility of every parent to make sure their child receives that education either by attendance at a school or by education otherwise than at a school.

Where parents decide to have their child registered at school, they have an additional legal duty to ensure their child attends that school regularly. This means their child must attend every day that the school is open, except in a small number of allowable circumstances such as being too ill to attend or being given permission for an absence in advance from the school.

This is essential for pupils to get the most out of their school experience, including their attainment, wellbeing, and wider life chances. The pupils with the highest attainment at the end of key stage 2 and key stage 4 have higher rates of attendance over the key stage compared to those with the lowest attainment. At KS2, pupils not meeting the expected standard in reading, writing and maths had an overall absence rate of 4.7%, compared to 3.5% among those meeting the expected standard. Moreover, the overall absence rate of pupils not meeting the expected standard was higher than among those meeting the higher standard (4.7% compared to 2.7%). At KS4, pupils not achieving grade 9 to 4 in English and maths had an overall absence rate of 8.8%, compared to 5.2% among those achieving grade 41. The overall absence rate of pupils not achieving grade 9 to 4 was over twice as high as those achieving grade 9 to 5 (8.8% compared to 3.7%)

For the most vulnerable pupils, regular attendance is also an important protective factor and the best opportunity for needs to be identified and support provided. Research has shown associations between regular absence from school and a number of extra-familial harms. This includes crime (90% of young offenders had been persistently absent) and serious violence (83% of knife possession offenders had been persistently absent in at least 1 of the 5 years of study)

4. Working Together to Improve Attendance

Successfully treating the root causes of absence and removing barriers to attendance, at home, in school or more broadly requires schools and local partners to work collaboratively with, not against families. All partners should work together to:

EXPECT

Aspire to high standards of attendance from all pupils and parents and build a culture where all can, and want to, be in school and ready to learn by prioritising attendance improvement across the school.

MONITOR

Rigorously use attendance data to identify patterns of poor attendance (at individual and cohort level) as soon as possible so all parties can work together to resolve them before they become entrenched.

LISTEN AND UNDERSTAND

When a pattern is spotted, discuss with pupils and parents to listen to understand barriers to attendance and agree how all partners can work together to resolve them.

FACILITATE SUPPORT

Remove barriers in school and help pupils and parents to access the support they need to overcome the barriers outside of school. This might include an early help or whole family plan where absence is a symptom of wider issues.

FORMALISE SUPPORT

Where absence persists and voluntary support is not working or not being engaged with, partners should work together to explain the consequences clearly and ensure support is also in place to enable families to respond. Depending on the circumstances this may include formalising support through a parenting contract or education supervision order.

ENFORCE

Where all other avenues have been exhausted and support is not working or not being engaged with, enforce attendance through statutory intervention or prosecution to protect the pupil's right to an education.

5. Expectations of Plymouth CAST Schools

All schools have a continuing responsibility to proactively manage and improve attendance across their school community. Attendance is the essential foundation to positive outcomes for all pupils and should therefore be seen as everyone's responsibility in school.

The most effective schools consistently promote the benefits of good attendance at school, set high expectations for every pupil, communicate those expectations clearly and consistently to pupils and parents, systematically analyse their data to identify patterns to target their improvement efforts, and work effectively with the local authority and other local partners to overcome barriers to attendance. They also recognise that attendance cannot be seen in isolation and that the foundation to good attendance is a calm, orderly, safe and supportive environment in which all pupils want to attend and can learn and thrive. To manage and improve attendance effectively, all schools are expected to:

- Develop and maintain a whole school culture that promotes the benefits of high attendance.
- Have a clear school attendance policy which all staff, pupils and parents understand.
- Accurately complete admission and, with the exception of schools where all pupils are boarders, attendance registers and have effective day to day processes in place to follow-up absence.
- Regularly monitor and analyse attendance and absence data to identify pupils or cohorts that require support with their attendance and put effective strategies in place
- Build strong relationships with families, listen to and understand barriers to attendance and work with families to remove them.
- Share information and work collaboratively with other schools in the area, local authorities, and other partners when absence is at risk of becoming persistent or severe.

6. Develop and Maintain a Whole-School Culture that Promotes the Benefits of High Attendance

Good attendance is a learned behaviour, and the most effective schools recognise the importance of developing good patterns of attendance from the outset.

Schools that have good attendance recognise that it is not a discrete piece of work but rather it is an integral part of the school's ethos and culture.

In building a culture of good school attendance, all Plymouth CAST schools are expected to:

- Recognise the importance of good attendance and, alongside good behaviour, make it a central part of the school's vision, values, ethos, and day to day life.

- Recognise the interplay between attendance and wider school improvement efforts, building it into strategies on attainment, behaviour, bullying, special educational needs support, supporting pupils with medical conditions or disabilities, safeguarding, wellbeing, and support for disadvantaged students (including use of pupil premium).
- Recognise improving attendance is a school leadership issue and have a designated senior leader with overall responsibility for championing and improving attendance in school. Responsibilities should include offering a clear vision for attendance improvement, evaluating and monitoring expectations and processes, oversight of data analysis, and communicating messages to pupils and parents.
- Make sure all teaching and non-teaching staff know the importance of good attendance, are consistent in their communication with pupils and parents, and receive the training and professional development they need.
- Make sure attendance support and improvement is appropriately resourced, including where applicable through effective use of pupil premium funding. Where possible this should include attendance or pastoral support staff (either school based or contracted) who can work with families, conduct home visits and work in partnership with school leaders, the local authority's School Attendance Support Team and other partners.
- Set high expectations for the attendance and punctuality of all pupils and communicate these regularly to pupils and parents through all available channels. In doing so, schools should help parents to understand what is expected of them and why attendance is important to their child's attainment, wellbeing, and wider development. It should also include clarity on the short and long term consequences of poor attendance.
- Visibly demonstrate the benefits of good attendance throughout school life. This may include in displays, assemblies or in registration periods. Where used sensitively and without discrimination, this may also include praising and rewarding improvements in attendance at year group, class/form and individual level.
- Recognise that attendance is never 'solved' and is a continuous process by regularly reviewing and updating messages, processes, and strategies.
- Recognise children missing education can act as a vital warning sign to a range of safeguarding issues including neglect, sexual abuse and child sexual and criminal exploitation.

7. Aims

We are committed to meeting our obligation with regards to school attendance through our whole-school culture and ethos that values good attendance, including:

- Promoting good attendance
- Reducing absence, including persistent and severe absence
- Ensuring every pupil has access to the full-time education to which they are entitled
- Acting early to address patterns of absence
- Building strong relationships with families to ensure pupils have the support in place to attend school

9.14 Pupils

Pupils are expected to:

- Attend school every day on time

10. Recording attendance

10.1 Attendance register

We will keep an attendance register and place all pupils onto this register.

We will take our attendance register at the start of the first session of each school day and once during the second session. It will mark whether every pupil is:

- Present
- Attending an approved off-site educational activity
- Absent
- Unable to attend due to exceptional circumstances

Any amendment to the attendance register will include:

- The original entry
- The amended entry
- The reason for the amendment
- The date on which the amendment was made
- The name and position of the person who made the amendment

See appendix 1 for the DfE attendance codes.

We will also record:

- Whether the absence is authorised or not
- The nature of the activity if a pupil is attending an approved educational activity
- The nature of circumstances where a pupil is unable to attend due to exceptional circumstances

We will keep every entry on the attendance register for 3 years after the date on which the entry was made.

Pupils must arrive in school by 8.55am on each school day.

The register for the first session will be taken at 8.55am.

The register for the second session will be taken after lunchtime break.

10.2 Unplanned absence

The pupil's parent/carer must notify the school of the reason for the absence on the first day of an unplanned absence by or as soon as practically possible by calling the school dedicated absence line.

We will mark absence due to physical or mental illness as authorised unless the school has a genuine concern about the authenticity of the illness.

Where the absence is longer than 5 days or there are doubts about the authenticity of the illness, the school will ask for medical evidence, such as a doctor's note, prescription, appointment card or other appropriate form of evidence. We will not ask for medical evidence unnecessarily.

If the school is not satisfied about the authenticity of the illness, the absence will be recorded as unauthorised and parents/carers will be notified of this in advance.

10.3 Planned absence

Attending a medical or dental appointment will be counted as authorised as long as the pupil's parent/carer notifies the school in advance of the appointment.

Parents/carers must provide evidence of any medical or dental appointments taken during the school day.

However, we encourage parents/carers to make medical and dental appointments out of school hours where possible. Where this is not possible, the pupil should be out of school for the minimum amount of time necessary.

The pupil's parent/carer must also apply for other types of term-time absence as far in advance as possible of the requested absence. Go to section 5 to find out which term-time absences the school can authorise.

10.4 Lateness and punctuality

A pupil who arrives late:

- Before the register has closed will be marked as late, using the appropriate code

- After the register has closed will be marked as absent, using the appropriate code
- The school will identify children with patterns of lateness and see what action can support them.

10.5 Following up unexplained absence

Where any pupil we expect to attend school does not attend, or stops attending, without reason, the school will:

- Call the pupil's parent/carer on the morning of the first day of unexplained absence to ascertain the reason. If the school cannot reach any of the pupil's emergency contacts, the school may contact social care or the police.
- Identify whether the absence is approved or not
- Identify the correct attendance code to use and input it as soon as the reason for absence is ascertained – this will be no later than 5 working days after the session
- Call the parent/carer on each day that the absence continues without explanation to ensure proper safeguarding action is taken where necessary. If absence continues, the school will consider involving an education welfare officer

10.6 Reporting to parents/carers

Adapt the following to explain when and how your school reports to parents/carers on their child's attendance record. The trust and DfE expect you to do this regularly.

The school will regularly inform parents/carers about their child's attendance and absence levels should it fall below 90%

11. Authorised and unauthorised absence

11.1 Approval for term-time absence

The headteacher will only grant a leave of absence to a pupil during term time if they consider there to be 'exceptional circumstances'. A leave of absence is granted at the headteacher's discretion, including the length of time the pupil is authorised to be absent for.

We define 'exceptional circumstances' as something considered exceptional.

The school considers each application for term-time absence individually, taking into account the specific facts, circumstances and relevant context behind the request.

Any request should be submitted as soon as it is anticipated and, where possible, at least two weeks before the absence, and in accordance with any leave of absence request form, accessible via the school office or www.st-marys-fal.cornwall.sch.uk/web/forms/400488 The headteacher may require evidence to support any request for leave of absence.

Valid reasons for **authorised absence** include:

- Illness (including mental illness) and medical/dental appointments (see sections 4.2 and 4.3 for more detail)
- Religious observance – where the day is exclusively set apart for religious observance by the religious body to which the pupil's parents/carers belong. If necessary, the school will seek advice from the parents'/carers' religious body to confirm whether the day is set apart
- Traveller pupils travelling for occupational purposes – this covers Roma, English and Welsh gypsies, Irish and Scottish travellers, showmen (fairground people) and circus people, bargees (occupational boat dwellers) and new travellers. Absence may be authorised only when a traveller family is known to be travelling for occupational purposes and has agreed this with the school, but it is not known whether the pupil is attending educational provision

11.2 Legal sanctions

The school or local authority can fine parents/carers for the unauthorised absence of their child from school, where the child is of compulsory school age.

Ensure that this section is in line with policy of your Local Authority.

If issued with a fine, or penalty notice, each parent/carers must pay £60 within 21 days or £120 within 28 days. The payment must be made directly to the local authority.

Penalty notices can be issued by a headteacher, local authority officer or the police.

The decision on whether or not to issue a penalty notice may take into account:

- The number of unauthorised absences occurring within a rolling academic year
- One-off instances of irregular attendance, such as holidays taken in term time without permission
- Where an excluded pupil is found in a public place during school hours without a justifiable reason

If the payment has not been made after 28 days, the local authority can decide whether to prosecute or withdraw the notice.

12. Strategies for promoting attendance

Explain your school's strategies for rewarding and improving attendance. For example, celebrating good attendance in assemblies or on displays.

13. Attendance monitoring

The school reports absence and persistent absence on the headteacher's report to governors. This is broken down to show absence levels for pupil premium children and children in on the SEN register.

13.1 Monitoring attendance

The school will

- Monitor attendance and absence data half-termly, termly and yearly across the school and at an individual pupil level
- Identify whether or not there are particular groups of children whose absences may be a cause for concern

Pupil-level absence data will be collected each term and published at national and local authority level through the DfE's school absence national statistics releases. The underlying school-level absence data is published alongside the national statistics. The school will compare attendance data to the national average, and share this with the governing board.

13.2 Analysing attendance

The school will

- Analyse attendance and absence data regularly to identify pupils or cohorts that need additional support with their attendance, and use this analysis to provide targeted support to these pupils and their families
- Look at historic and emerging patterns of attendance and absence, and then develop strategies to address these patterns

13.3 Using data to improve attendance

St Mary's will

- Provide regular attendance reports to teachers, and other school leaders, to facilitate discussions with pupils and families

- Use data to monitor and evaluate the impact of any interventions put in place in order to modify them and inform future strategies

13.4 Reducing persistent and severe absence

Persistent absence is where a pupil misses 10% or more of school, and severe absence is where a pupil misses 50% or more of school.

The school will:

- Use attendance data to find patterns and trends of persistent and severe absence
- Hold regular meetings with the parents/carers of pupils who the school (and/or local authority) considers to be vulnerable, or are persistently or severely absent, to discuss attendance and engagement at school
- Complete, monitor, review and revise attendance action plans for all children who are *Persistently Absent* or at risk of becoming *Persistently Absent*
- Provide access to wider support services to remove the barriers to attendance
- Invite parents to discuss how the attendance can be improved

14. Monitoring arrangements

This policy will be reviewed as guidance from the trust, local authority or DfE is updated. At every review, the policy will be approved by the full governing board.

15. Links with other policies

This policy links to the following policies:

OBJECTIVE	ACTION	WHO?	INTENDED IMPACT	MONITORING/REVIEW/ACTUAL IMPACT
-----------	--------	------	-----------------	---------------------------------

Parental engagement with school improves	Parents to meet with attendance lead monthly Parents proactively engage in support from school and LA AST		Parents are able to openly discuss difficulties surrounding attendance and support school in addressing these	<i>Mum has attended all meetings, however, dad is not engaging with school. This means that attendance is better when pupil is staying with mum but dips when dad has custody. Consider moving towards TAC to support with this</i>
Increase pupil confidence within lessons/breaktimes	Identified adult to check in with pupil during and at the end of each lesson Pupil to engage with relevant interventions eg: ELSA	All teaching staff	Pupil becomes more confident and begins to work confidently within small group situations, asking questions when needed	
Support parents and pupils in identifying and addressing external barriers	School leaders to identify and contact outside agencies. Parents and pupils engage effectively with identified agencies		External barriers are eradicated or impact diminished	
Regular review of attendance data to identify and mitigate against further risk	Teachers monitor attendance in school/lessons and record patterns	All teaching staff	Patterns are identified and school staff show evidence of effective mitigation	

Identify potential future barriers for poor attendance moving forward leading to severe absence	Work with pupil/parent/staff/ outside agencies to identify and take action to mitigate against these		Barriers to attendance are identified and tracked. Action plan reflects potential new issues
